ATTENTION!

We have four new courses with all new content now available for DOT Safety Sensitive Employees. These courses work well as supplements to SAP ordered courses but are also greatly useful as preventative education.

NEW COURSES:

- **FMCSA Clearinghouse**
 - Explains what FMCSA Clearinghouse is and its role in The Return to Duty process
- **Testing Process Overview for DOT Employees**
 - Covers what employees need to know about DOT alcohol and drug testing
- **The Truth About CBD**
 - This course covers CBD products and common misconceptions
- **DOT Safety Program**
 - Includes content from all three of the above courses

Substance Abuse

4, 8, and 12-Hour Courses

This program tackles various drugs and substances. The dangers of substance use and abuse are many and this course is meant to act as a warning to the risk of addiction.

Anger Management

4, 8, and 12-Hour Courses

Our anger management course provides insight to anger and what to do when it seems out of control. The program includes a self-scoring assessment, how to control anger, setting boundaries, assertive vs. aggressive behavior, family conflict, conflict management, and more.

Driving Under the Influence (DUI) Course

6, 8, 12, and 16-Hour Courses

This course is a great addition to get back to work orders and can even be used to reinstate a non-CDL. This class focuses on the use of various substances and how impairment can affect driving.

Opioid Education

4-Hour Course

This opioid education class is an eye-opener. It is designed to educate on the dangers of illegal opioids, prescription opioid misuse, addiction, overdose, and the national epidemic.

Drug & Alcohol Education

4, 6, 8, 12, and 16-Hour Courses

This program is designed to educate participants on the risks associated with alcohol and drugs. The course includes information on the legal consequences of workplace intoxication and signs of abuse. Also included are the dangerous effects of drugs and alcohol on the brain, body, driving, and on workplace safety.
